

Revolutionizing the way we memorialize
today and remember tomorrow

“Through meaningful memorialization — that is, taking time to reflect on the unique life of a loved one and remember the difference they made — families and friends take an important step in the journey toward healing after death.

Memorialization is so much more than it used to be. It can reflect a person’s life story, their values, interests, and experiences. It is transformative, healing, and comforting.”

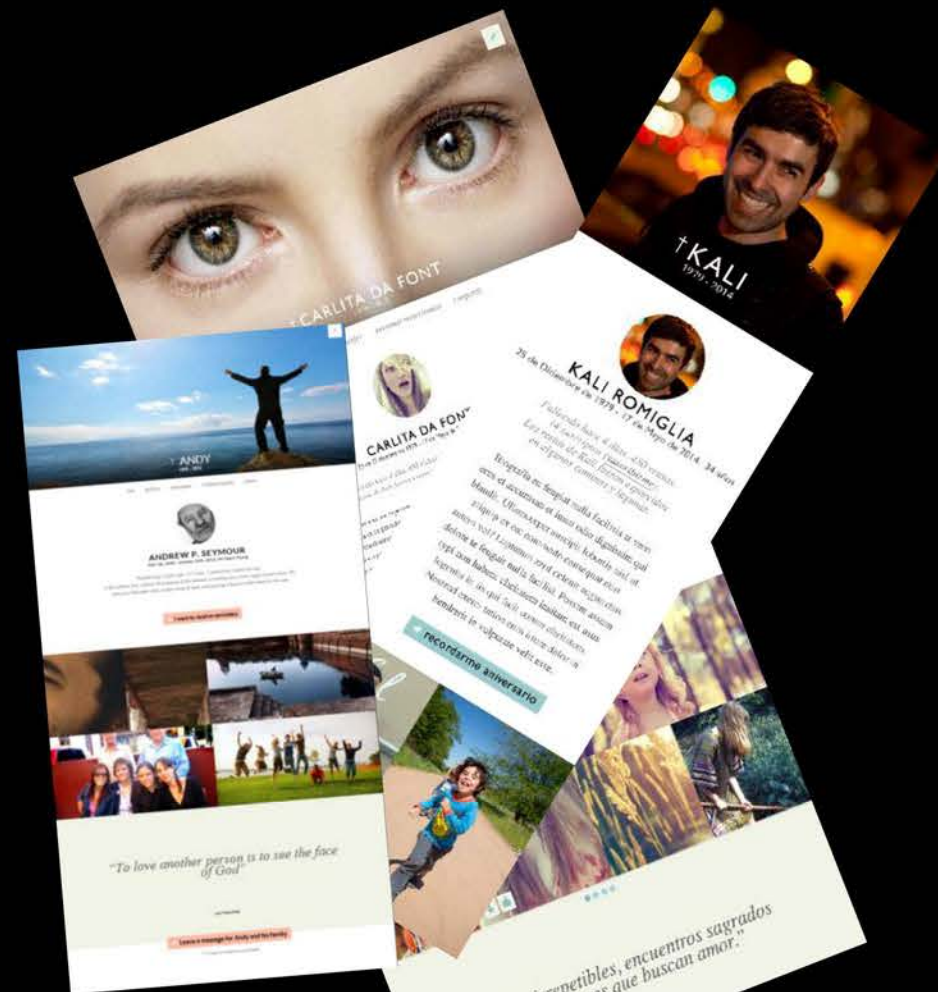

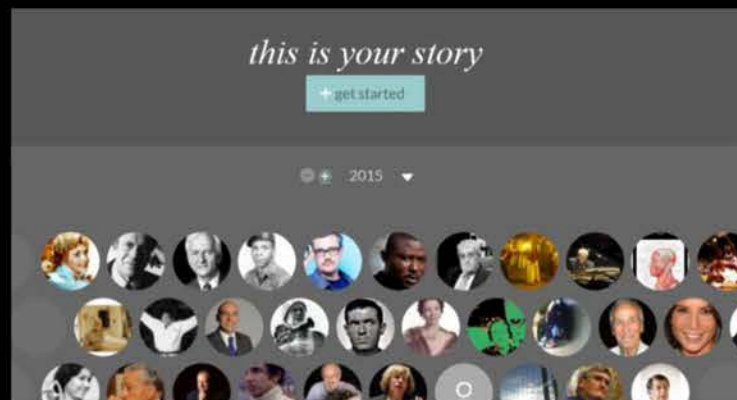

FAMIC’s “Have the Talk of a Lifetime”

What is omneolife?

The digital memorialization network

Omlime.com Key Differentiators

- ***It is Interactive:*** messages, condolences, pictures and videos can be shared, uploaded, and downloaded by the deceased's friends and family composing the true essence of that person.
- ***Offers Control and Privacy:*** Unlike standard social networks, omlime.com offers the complete control of public information by the administrator. All messages, pictures or videos uploaded by friends and family once the person has passed need to be accepted by the administrator before they are posted; filtering unwanted/undesired memories and protecting the dignity of the deceased.
- ***Has Time Capsuled Messages:*** Furthermore and completely unique to any memorial website or social network, omlime.com offers a Premium upgrade that gives the user, while in life, the ability to leave messages either written, in audio or in video to their loved ones to be opened at a relative or pre-determined future date after they have passed.
- ***It is a Network:*** Profiles can be linked to other friends and family, allowing the digital legacy of all to rest together for eternity. Families, friends or even colleagues such as military units, police or firefighter departments can be linked and stay together digitally.

Value for Pre-Need customers

JESSICA SMITH

august 1st, 1961 - may 17th, 2015, 53 Years Young

Passed away 1 moth ago, 6 visits, 0 subscribers (subscribe me).
Her Omneo is resting in Flagler Memorial Park Cemetery in Miami, FL.

Jessie was an old soul, serene, sincere, full of life and happiness. She was the most loving daughter, sister, granddaughter and mother anyone could ever want. Always worried about our earth and all living things in it, she dedicated her life to be an outstanding human being and

citizen of this planet. Her NGO work has impacted millions of people in all continents and her legacy lives on through her children who will continue doing the the work she started. Jessie: May God hold you in his arms forever and we will work tirelessly to make you proud! Love you forever!

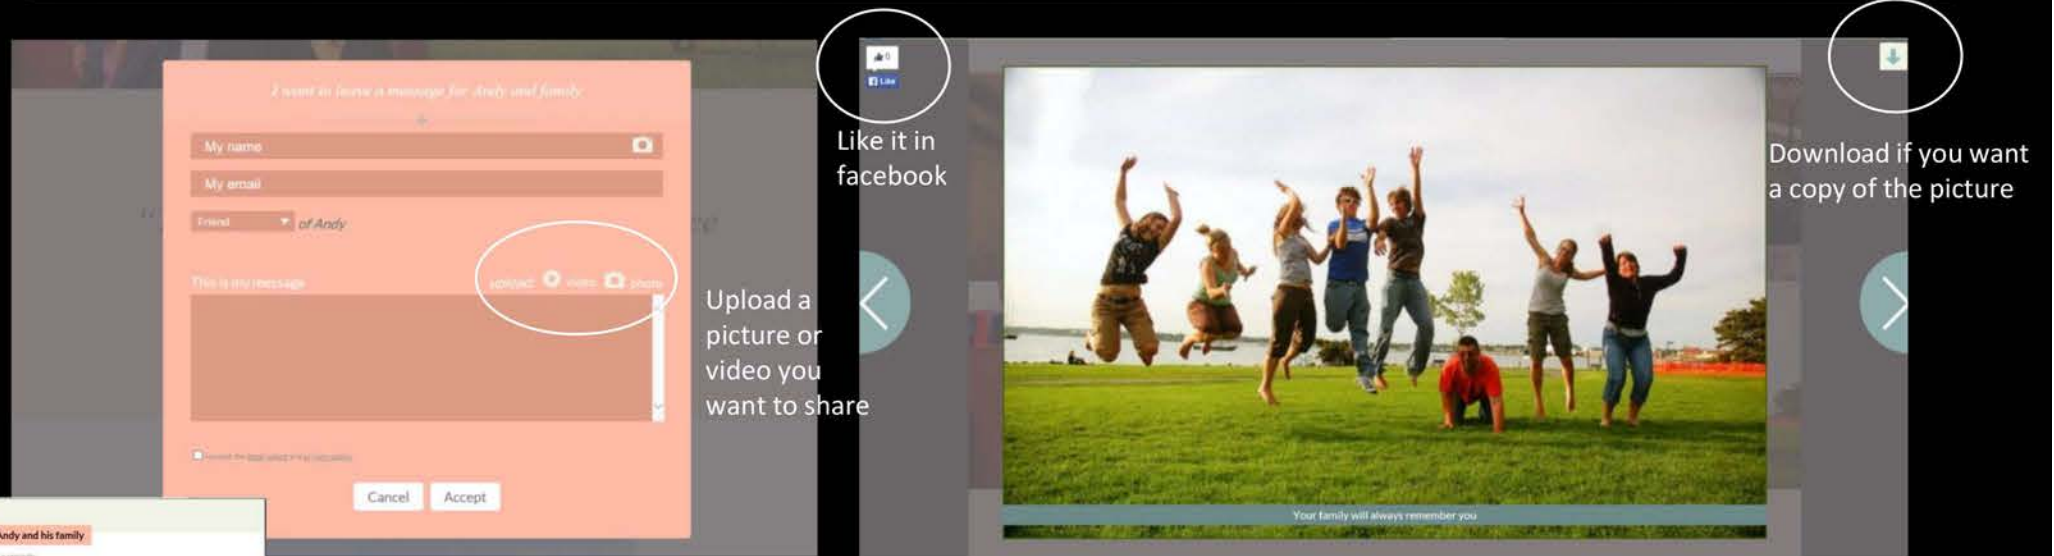

"To love another person is to see the face of God"

Last Modified: 5/17/2015

- Write your story as you want to be remembered
- Upload your favorite photos and videos to share with your family once you are no longer with them
- Leave time capsuled messages to your loved ones to be opened in the future, you chose the date
- Record wishes or video for your final farewell
- Assign an administrator of your social media
- Link to other omtime.com profiles of your friends and family to remain digitally together for eternity

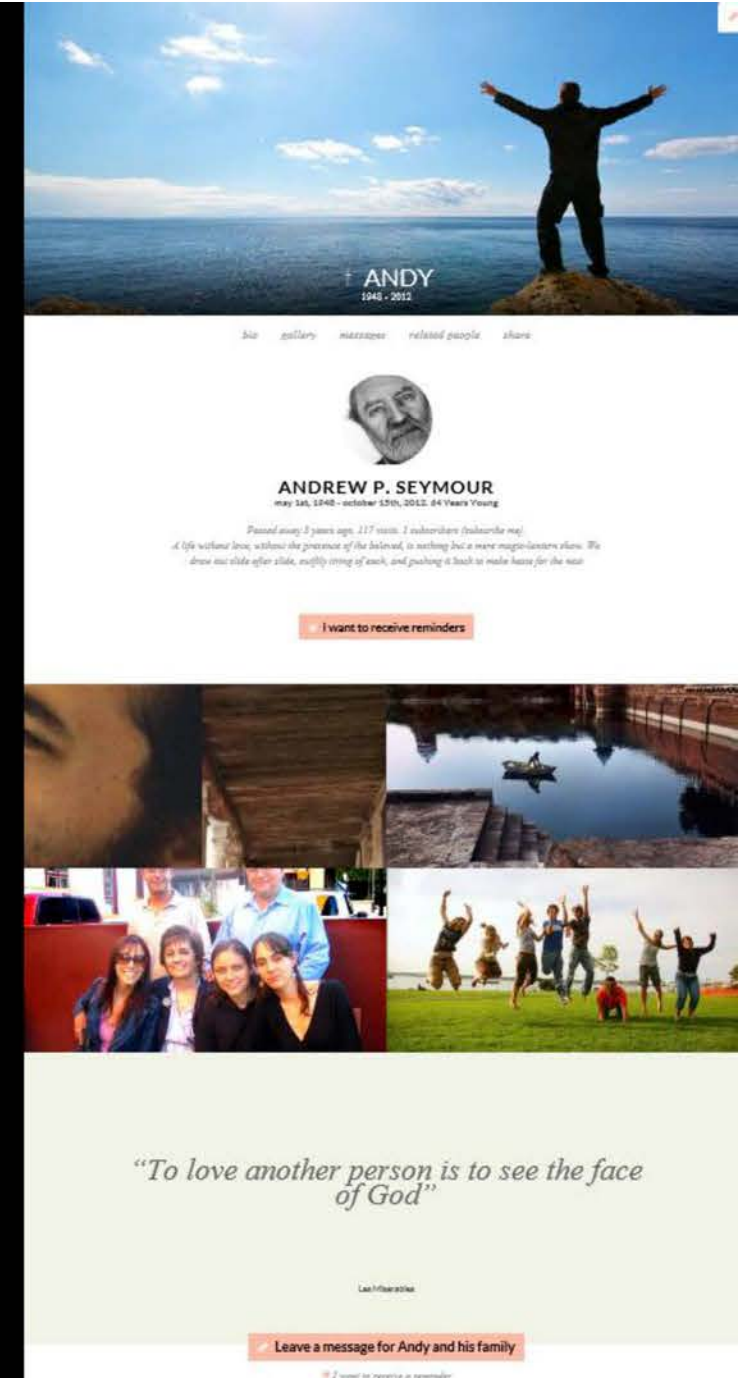

Value to family and friends of At-Need customers

- Online memorialization of your loved one
- Share stories, pictures and videos of your loved ones
- Leave condolences and send messages to the family
- Share your loved one's profile in Facebook, Google+, Twitter, or send an email link with one click
- "Like" pictures on facebook and let your friends know about your loved one's story on omneolife.com
- Keep in touch with automated reminders of key dates
- Order flowers, cards and gifts – physical or virtual
- Re-order NFC product with direct link to loved one's profile page

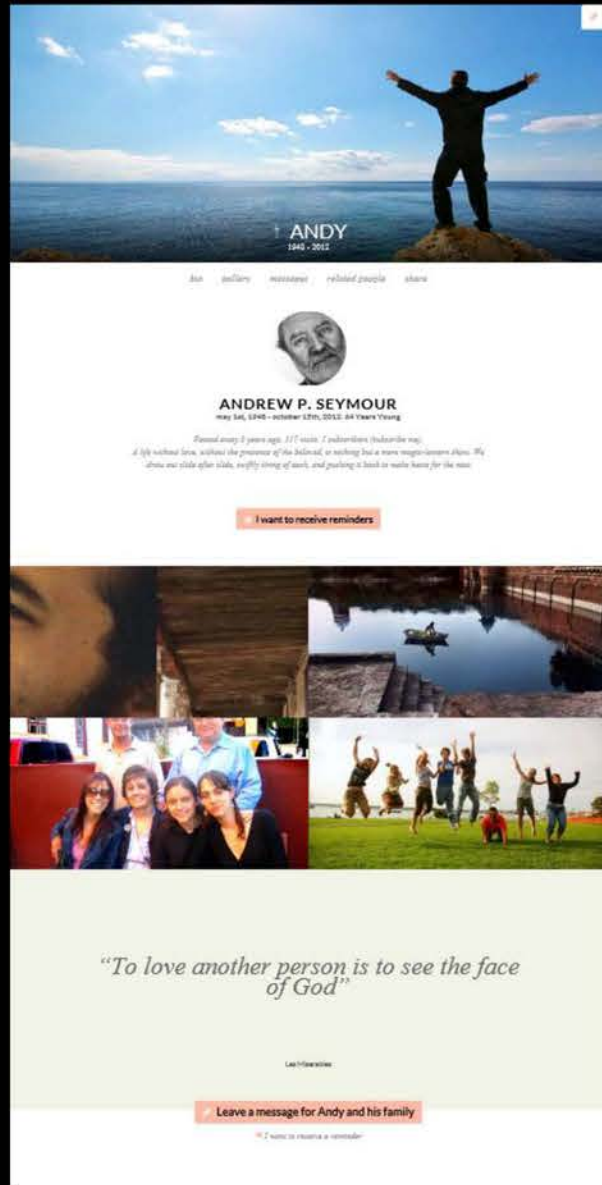

Tips for building a profile

- Remember that this is not for you, but for your grandkids and their grandkids, it may actually be the most important gift you will leave behind for future generations.
- Be candid and make sure your future generations know what type of person you were
- Gather your favorite pictures and upload them to your profile with a caption explaining the meaning of those pictures.
- Record videos with your life stories to upload to omtime.com
 - Videos can be recorded on a smartphone or computer (or even have someone in your family record it)
- There is no limit to what you can write, therefore let your imagination run wild!!!

omneolifeTM

Can be integrated to all
Omneo Memorialization products

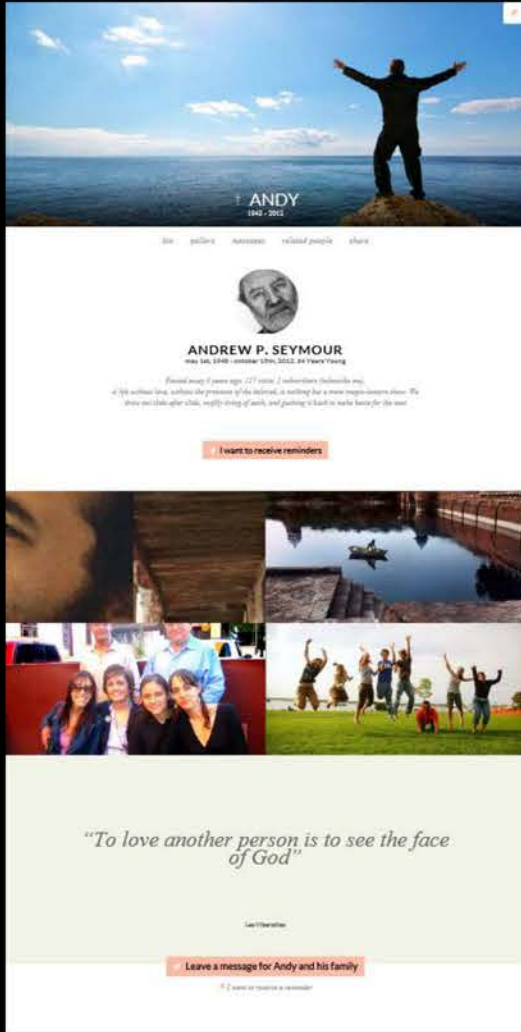

the omneo solution

Security, Peace of Mind and Personalization

Integrated within the actual Omneo and without the need to download any app, accessing the deceased's identity and profile is easy and simple:

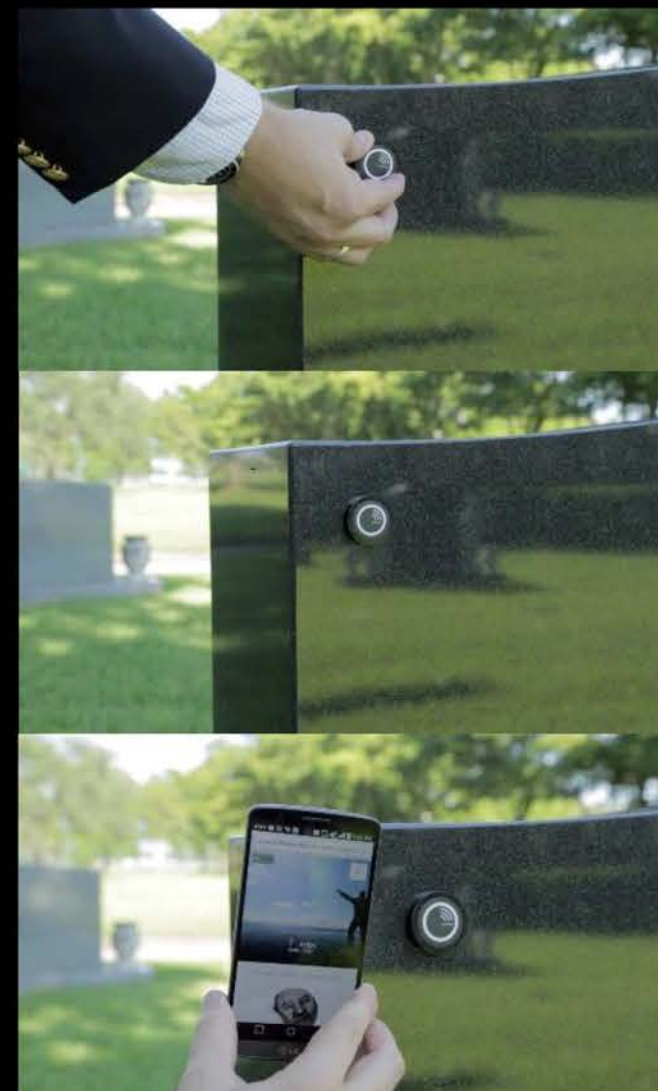

- Direct Access via the internet/web at www.omlme.com
- Immediate access by activating Near Field Communication (NFC) on any Android smart phone and tapping name on the Omneo

Omneo Tap

- Omneo Tap for placement on a columbarium niche cover, or on a headstone or grave marker
- 1 3/16" Circumference
- Durable and weatherproof casing with self adhesive
- Adheres to most smooth surfaces (rough or rugged surfaces may need additional adhesive)

Omneo Smart Marker

- Premium Bronze Markers with granite base option
- More than 200 quality crafted grave marker designs with over 150 emblem options
- Embedded Pre-programmed NFC Connectivity
- Standard and Custom sizes available
- Upgrade existing markers to smart markers with easy retrofit products

Manufactured in
the US by:

NFC technology...*simple and immediate connectivity to omlime.com.*

NFC (Near Field Communication) is a standard for short-range wireless connectivity that is currently built into most mobile phones on the market. The technology allows for short-range communication between an NFC tag and mobile devices.

- NFC tags can activate functions on an NFC enabled smartphone such as launching the browser to a specific URL or launching an app on your smartphone that can be used to deliver a website, file, video, contact information, and more.
- Without the need for downloading and App, taking a picture, performing a manual configuration (like wifi) or a manual pairing (like Bluetooth) NFC allows users to transfer data and perform transactions seamlessly and intuitively by only tapping another device or NFC Tag (target)
- There are over 1 Billion NFC enabled smartphones in the world and 83% of all smartphones have NFC tag reading capabilities

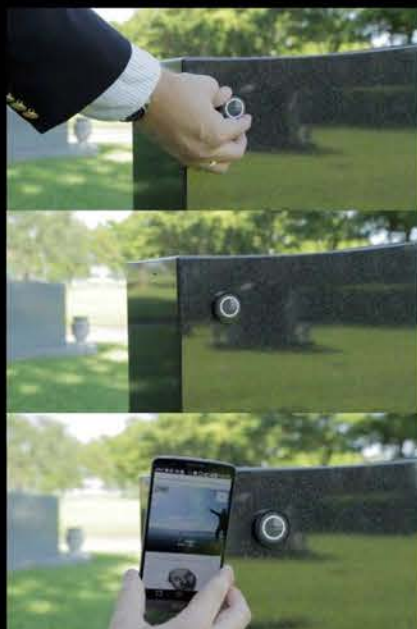

Connectivity of omneolife profiles on all Omneo Products

Omneo Memorial at home or at a cemetery

Omneo Tap on a headstone or grave marker

Omneo Tap on a columbarium niche cover

on any PC or Tablet at home
